Preparing global citizens to take leading roles in their community and the world.

Needed in the heart of Sacramento's River Park neighborhood, Caleb Greenwood is an International Baccalaureate (IB) Primary Years Program World School that offers a rigorous and balanced K-6 program of inquiry with a global perspective. Students thrive in an environment where they make connections between what they are learning in the classroom and the world around them. The IB Learner Profile
The aim of all IB programs is to develop internationally minded people who, recognizing their common humanity and shared guardianship of the planet, seek to create a better and more peaceful world.

What is the IB learner profile?

The International Baccalaureate® (IB) learner profile describes a broad range of human capacities and responsibilities that go beyond academic success. They imply a commitment to help all members of the school community learn to respect themselves, others and the world around them.

What is ACTION in the IB PYP?

In the PYP, action is both an application of learning and an opportunity for students to engage in a form of contribution or service. It is integral to PYP learning and to the program's overarching outcome of international mindedness.

The learner profile & ACTION Connection

Action, the learner profile, and international mindedness work hand in hand to strengthen students' confidence in their capacity to make a positive change in the world. Student-initiated action will be considered a dynamic outcome of a student's learning and an active demonstration of the learner profile attributes. Each month we will focus on a learner profile attribute and how it connects and nurtures a child's disposition towards Action.
