Caleb Greenwood is an authorized International Baccalaureate (IB) World School implementing the Primary Years Program (PYP).

The International Baccalaureate® aims to develop inquiring, knowledgeable and caring young people who help to create a better and more peaceful world through intercultural understanding and respect. To this end the organization works with schools, governments, and international organizations to develop challenging programmes of international education and rigorous assessment.

These programmes encourage students across the world to become active, compassionate, and lifelong learners who understand that other people, with their differences, can also be right.

IB PYP NEWS!

learner profile and Action Focus:

Balanced Social Entrepreneurship

In IB PYP, being **Balanced** means we understand the importance of balancing different aspects of our lives – intellectual, physical, and emotional – to achieve well-being for ourselves and others. We recognize our interdependence with other people and with the world in which we live. Being **Balanced** may allow for new ideas, thinking, and opportunities that may result in Action in the form of **Social Entrepreneurship** - an approach by individuals, groups, start-up companies or entrepreneurs, in which they develop, fund, and implement solutions to social, cultural, or environmental issues. As someone who believes in **Balanced Social Entrepreneurship**, we find ways to balance social, economic, and environmental goals.

You may want to talk with your family about what values your family holds and explore issues and topics that align with these values. Then do some research together to see about ways you can start a neighborhood business or raise money for these causes; or support companies and business that have social entrepreneurship projects or initiatives aligned with those issues your family values.

What is the IB learner profile?

The International Baccalaureate® (IB) learner profile describes a broad range of human capacities and responsibilities that go beyond academic success. They imply a commitment to help all members of the school community learn to respect themselves, others and the world around them.

What is ACTION in the IB PYP?

In the PYP, action is both an application of learning and an opportunity for students to engage in a form of contribution or service. It is integral to PYP learning and to the program's overarching outcome of international mindedness.

The learner profile & ACTION Connection

Action, the learner profile, and international mindedness work hand in hand to strengthen students' confidence in their capacity to make a positive change in the world. Student-initiated action will be considered a dynamic outcome of a student's learning and an active demonstration of the learner profile attributes. Each month we will focus on a learner profile attribute and how it connects and nurtures a child's disposition towards Action.
