Art!

In art this year, we are focusing on exploring Action through art! In the IB PYP, students are encouraged to critically engage with personal, local and global issues and take responsible, responsive and reflective action for positive change. Students will be expressing what is important to them through printmaking, drawing, graphic art, and clay. Student work will be kept in a student portfolio and displayed during Open House in the spring!

See the back of this newsletter for examples of a recent printmaking lesson!
